

## BAY ISLE POINTE GARAGE DOOR ARCHITECTURAL CONDITIONS 8/03

1. Unless otherwise specified in application, to match original developer installation as to size, design and materials.
2. If not of wood, the door is to be wood grain embossed to simulate real wood.
3. No windows allowed in garage door.
4. To be painted with the same paint, same color and sheen as the siding or trim on the house (applies to factory pre-painted doors as well).
5. Must be in full compliance with applicable section(s) of the Bay Isle Pointe Architectural Guidelines adopted February 21, 2001 and any amendments thereto. Any deviations there from are not approved unless otherwise noted herein.
